Overview

This is the Board's annual report to Council and is brought in conjunction with the Annual Report of the Ontario Provincial Police on the delivery of police services in North Grenville and Merrickville-Wolford.

A Municipality is required to provide adequate and effective police services, including:

- » Crime prevention
- » Law enforcement
- » Assistance to victims of crime
- » Maintenance of public order
- » Emergency response

To discharge this duty, both Councils of North Grenville and Merrickville-Wolford entered into agreements with the Solicitor General to have police services provided by the Ontario Provincial Police, Grenville Detachment, at a cost to the Municipalities.

The Board is vested with the responsibility of monitoring the satisfactory delivery of police services in North Grenville and Merrickville-Wolford, including:

- » Ensuring that the overall objectives and priorities of police services in the Municipalities are met; and
- » Managing the contract for police services, including monitoring the performance of the Detachment Commander.

The Community Safety and Policing Act came into effect April 1, 2024, effectively dissolving the North Grenville Police Services Board and terminating the existing contract for Police Services. A new contract for police services is now required the new OPP Detachment Board which will be amalgamated with the contract for the Village of Merrickville-Wolford.

Governance

Protocols And Procedures

Currently, the Grenville OPP Detachment Board does not have Protocols and Procedures governing the effective delivery of Police Services for both communities. New Policies and Procedures must be developed given the new structure of the board and it's scope in covering two separate municipalities.

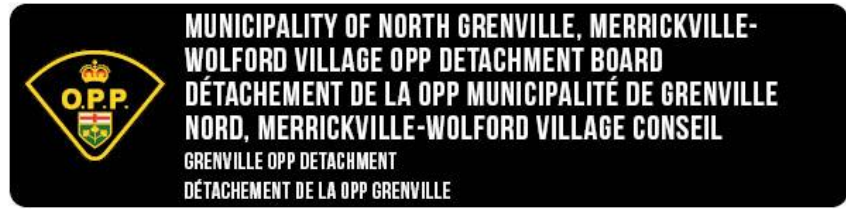

In the past, the following Protocols and Procedures have governed the effective delivery of police services in North Grenville:

- » Protocol for the Handling of Resident Traffic Complaints
- » Protocol for the Review of the Detachment Commander's Administration of the Complaints System Under Part V of the Police Services Act
- » Protocol for the Sharing of Information Between the North Grenville Police Services Board and Council of the Municipality of North Grenville
- » Protocol for the Monitoring of the Performance of the Detachment Commander Between the North Grenville Police Services Board and the Ontario Provincial Police Regional Commander
- » North Grenville Police Services Board Rules and Procedures
- » North Grenville Police Services Board – Ministry of Community Safety and Correctional Services Provincial Counter-Terrorism Plan

Protocols and Procedures to govern the Board will be developed by North Grenville staff, in consultation with Merrickville-Wolford, in the coming months.

To assist the Board in the discharge of its duties, the Board receives monthly reports from the Detachment Commander, including performance statistics, crime statistics, and updates on prevention initiatives undertaken by the Board or the O.P.P.
