Policy Statement:

The Municipality of North Greenville recognizes valuable contributions through the efforts of individuals, community organizations, and agencies on behalf of the residents of the Municipality. The policy's objective is to treat all parties fairly and consistently and to share resources throughout the community as effectively and efficiently as possible. Funding is intended to provide modest levels of support and assistance to individuals, community organizations, and agencies.

This Equity, Diversity, and Inclusion (EDI) Fund Policy establishes funding eligibility, outlines the application process, evaluation criteria, and outlines reporting requirements. Preference will be given to initiatives that demonstrate community support, efficient use of resources, sound business practices, enhance volunteer knowledge, and develop skills and self-reliance.

Purpose:

The EDI Fund will support initiatives that:

- Promote the values of EDI.
- Strengthen EDI in the community.
- Support the Municipality's goals related to EDI.
- Build capacity and sustainability of EDI related work in the community.

This Policy establishes a fair and objective process for administering the EDI Fund. The purpose is to provide a clear and concise guideline for applicants, identifying eligible recipients, projects, and project expenses; to outline reporting requirements; and to define a scoring matrix for use by evaluators to allocate funding.

Application:

The EDI Fund is allocated through the process established in this Policy. The total amount available for the Fund is approved through the annual operating budget process.
